1. Introduction

These Guidance Notes are intended to assist Applicants in understanding the requirements for requesting and receiving funding support under **Measure 2 – Strengthening a Healthy Cultural Identity** of the MAGF Local Development Strategy (LDS).

Applicants are advised to familiarise themselves with these Guidance Notes prior to filling in and preparing the Application Form. The Guidance Notes, Application Form and all annexes and other documentation are available at www.galmajjistrat.com.

Applicants are reminded to check that they referred to the latest guidance notes as available on the Foundation's website, and that they have filled in the latest available version of the application form that is available for download from the website. Only the latest version at the time of application will be accepted.

2. Rationale for Intervention

This measure falls under Objective 1 of the Majjistrat LDS – Development of the cultural landscape, social heritage and tourism product of the rural territory.

The analysis of the territory and the results of the consultations have both demonstrated a uniquely strong element of the community's need to establish its identity, on a regional as well as on a local scale, through cultural and social investments, and a strong emphasis on the need to invest in projects that develop this cultural heritage of the rural community. In this sense, culture is seen as a driver and a destination.

As the analysis of the territory and its population shows, and as rightly echoed by the public on more than one occasion during consultation sessions, culture is the cradle that best accommodates the diverse investments and interests of a rural community that is continuously in evolution. Culture is a dynamic concept and a multi-functional vehicle, one that reflects the aspirations of the community, while providing a means for expression and development as well as for the improvement in the quality of life of the individual and society.

Against this evidence, the need to support the development and strengthening of cultural and social investments in their many and very diverse forms, is both logical and justified, as these activities represent the people's way of life within the rural communities. The rationale to encourage a very wide scope of actions with a cultural dimension stems from the evidence of the existence of a wide spectrum of cultural and a desire to continue to build on the already established cultural heritage, as well as expand on it. With this reasoning, the aim is two-fold: to ensure that no group or sector is excluded, however small or under-represented it is, as long as it has a genuine

intent to engage in the creation and development of cultural investments with true links to the rural territory in which it operates, and to stimulate the further development and growth of this rich cultural and social fabric of the community.

This measure is built on the premise that without the necessary investment in the infrastructure, these cultural and social activities would not be possible. This need is more evident when one considers that most of the functions in question are run by local voluntary groups, with little or no access to alternative sources of funding. The intention is therefore to use the LEADER fund to provide support for the necessary initial infrastructure to be put in place, such that the activity/investment can be sustained in the longer term.

3. Scope and Objectives of the Measure

This measure is intended to provide support for the setting up and/or quality improvement of activities, events, experiences and sessions of cultural and social value, that have a strong link to the historical, social and cultural development of the locality or the region, build on the rural heritage of the areas, and that are aimed to provide a means of entertainment and recreation, social space and expression for members of the community. Support under this measure shall be provided for the investments in any one or a combination of the following areas: culture, arts and crafts (including performing arts, dance, film, literature and theatre productions; trades and artisanal crafts and products), music, sports, adventure (including outdoor adventure and scouting), life skills (including survival and leadership skills), gastronomy and culinary experiences, agrarian traditions and heritage, and trades and traditional practices (including fisheries and farming).

This measure supports interventions that are aimed to invest in the infrastructure for new or improved cultural and social investments to take place within the Majjstral territory. Such investment includes improvements to immovable property/premises from which the group operates, and other related ancillary investments in equipment and facilities that are necessary for the activity or event.

This measure shall not support the maintenance of existing/on-going cultural and social activities that are already being organized on a regular basis. However, support could be provided for investments which significantly improve these existing activities, like procurement of equipment which, to date, was being leased.

4. Eligible Actions

Support through this action shall be **limited to Capital Expenditure** undertaken by **Local Councils, Private Entities (only small and micro enterprises within the meaning of Commission Recommendation 2003/361/EC are eligible for funding) and Registered Voluntary Organisations (VOs) in line with the Voluntary Organisations**

Act 2007 (Chapter 492 of the Laws of Malta) and that do not carry out an economic activity within the meaning of Article 107 of the Treaty of the Functioning of the European Union.

The operations of such entities must be in compliance with national rules and regulations, and regularly operating within the Majjistral territory.

Projects must be **physically undertaken** in any of the rural localities that constitute the GAL Majjistral Foundation territory, listed in the following table. With respect to Local Councils, only Local Councils that have become full-paid members for the (2014-2020) programming period are eligible for funding.

5. Description of the requirements and targets

The applicant is required to demonstrate that the proposed investment shall result in the achievement of the following targets:

- The creation of new cultural and social investments/events and/or the significant improvement of existing ones.

The contribution of this measure to the cross-cutting objectives of climate and the environment is promoted through the requirements for environmental sustainability embedded in the selection criteria, whereby preference is given to investments that demonstrate how the environmental/climate impact is being reduced (e.g. the project has sound waste-management and/or green transport arrangements) and investments that incorporate an element of education and communication on the local environment.

These elements in turn contribute towards the innovative aspect of the measure, moving away from the more 'traditional' way of doing things on a single discipline, but rather striving to combine different aspects of the local culture.

6. Eligible Investments

- Direct project costs associated with the development and/ or creation of the cultural or social activity, including professional fees, leasing of space and equipment, purchase of small instruments and activity equipment, amongst others;

Additionally, such costs will be capped at a maximum of 10% of the total cost;
- Purchase of new equipment, machinery and instruments that are to be used for the realisation of the cultural activity, such as equipment for the high-quality delivery of the cultural activity/event/experience, including audio-visual equipment, and instruments that are either necessary for the delivery of the activity/event/experience, or that are to be transmitted to the participants to enable them to engage in the activity including musical instruments, sports equipment, etc;
- Procurement of durable activity aids and accessories including traditional costumes, props, designs, printed material, graphical aids, training resources (such as compasses, torches, maps, guidebooks), artefacts, antiques, collectable items, apparatus, etc;

Where applicable, the improvements to immovable property must be in line with all relevant planning, environmental and development permits.

The following are indicative eligible costs relating to the investments in infrastructure:

Local Councils applying for funds must be full-paid members of the MAGF. Furthermore, Private entities will be subject to State aid rules as outlined below.

Beneficiaries should be willing to invest within the Majjistral Action Group Foundation territory, and provide a service directly related to the cultural identity within MAGF's territory.

9. State Aid Rules and Obligations

With regards to private entities, the terms and conditions set out in these Guidance Notes are in line with Commission Regulation (EU) No. 1407/2013 of 18 December 2013 on the application of Articles 107 and 108 of the Treaty on the Functioning of the European Union to *de minimis* aid [OJ L 352/1, 24.12.2013] (the *de minimis* Regulation), as amended by Commission Regulation (EU) 2020/972 of 2 July 2020, amending Regulation (EU) No 1407/2013 as regards its prolongation and amending Regulation (EU) No 651/2014 as regards its prolongation and relevant adjustments [OJ L 215/3, 7.7.2020].

Assistance may not be awarded to the following:

- a) Undertakings active in the fishery and aquaculture sector, as covered by Council Regulation (EC) No. 104/2000;
- b) Undertakings active in the primary production of agricultural products;
- c) Undertakings active in the sector of processing and marketing of agricultural products, in the following cases:
 - i. Where the amount of the aid is fixed on the basis of the price or quantity of such products purchased from primary producers or put on the market by the businesses concerned;
 - ii. Where the aid is conditional on being partly or entirely passed on to primary producers;
- d) Aid to export-related activities towards third countries or Member States, namely aid directly linked to the quantities exported, to the establishment and operation of a distribution network or to other current expenditure linked to the export activity;
- e) Aid contingent upon the use of domestic over imported goods;

The total amount of *de minimis* aid granted to a single undertaking shall not exceed the amount of €200,000, or €100,000 in the case of a single undertaking performing road freight transport for hire or reward, over any period of three consecutive fiscal years. This period covers the fiscal year concerned as well as the previous two fiscal years. 'Fiscal year' means the fiscal year as used for tax purposes by the undertaking concerned.

This maximum threshold would include all State aid granted under this aid scheme and any other State aid measure granted under the *de minimis* rule including that received from any entity other than the Majjistrat Action Group Foundation. Any *de minimis* aid received in excess of the established threshold will have to be recovered, with interest, from the undertaking receiving the aid.

The term 'single undertaking' is defined as follows:

Single Undertaking includes, for the purposes of this scheme, all enterprises having at least one (1) of the following relationships with each other:

- a) one (1) enterprise has a majority of the shareholders' or members' voting rights in another enterprise;
- b) one (1) enterprise has the right to appoint or remove a majority of the members of the administrative, management or supervisory body of another enterprise;

- c) one (1) enterprise has the right to exercise a dominant influence over another enterprise pursuant to a contract entered into with that enterprise or to a provision in its memorandum or articles of association;
- d) one (1) enterprise, which is a shareholder in or member of another enterprise, controls alone, pursuant to an agreement with other shareholders in or members of that enterprise, a majority of shareholders' or members' voting rights in that enterprise.

Enterprises having any of the relationships referred to in points (a) to (d) above through one or more other enterprises shall also be considered to be a single undertaking.

The *de minimis* Regulation states that a group of linked enterprises is considered as one single undertaking for the application of the *de minimis* rule, but that enterprises which have no relationship with each other except for the fact that each of them has a direct link to the same public body or bodies are not treated as being linked to each other. The specific situation of enterprises controlled by the same public body or bodies, which may have an independent power of decision, is therefore taken into account.

In terms of Article 5 of the *de minimis* Regulation, *de minimis* aid granted under this measure may be cumulated with *de minimis* aid granted in accordance with Commission Regulation (EU) No 360/2012 up to the ceiling laid down in that Regulation. It may be cumulated with *de minimis* aid granted in accordance with other *de minimis* regulations up to the relevant ceiling fixed in terms of the *de minimis* Regulation.

De minimis aid awarded under this measure shall not be cumulated with State aid in relation to the same eligible costs or with State aid for the same risk finance measure, if such cumulation would exceed the highest relevant aid intensity or aid amount fixed in the specific circumstances of each case by a block exemption regulation or a decision adopted by the European Commission. *De minimis* aid which is not granted for or attributable to specific eligible costs may be cumulated with other State aid granted under a block exemption regulation or a decision adopted by the Commission.

The *de minimis* declaration form must be filled in and submitted together with the application form.

In line with the *de minimis* Regulation, records regarding *de minimis* aid shall be maintained for 10 years from the date on which the last individual aid is granted under the Scheme.

10. Aid Intensities

A beneficiary will be granted the following financial assistance should the proposed investment be selected:

- 80% of the total eligible expenditure.
- The other 20% of the total eligible expenditure must be borne by the applicant.

The VAT element must be borne by the applicant (except where it is non-recoverable under National VAT legislation). Grant assistance may be provided in respect of non-recoverable VAT.

The following capping levels shall apply:

- €60,000 for major investment, which includes major infrastructural works;
- €20,000 for smaller scale investments;
- €10,000 for events

At application stage, the applicant should clearly identify what type of investment is being proposed.

MAGF reserves the right to revise the eligibility criteria applicable to the Measure, subject to pre-notification.

15. Selection Process

A Project Selection Committee (PSC) made up from the Decision Committee members will be responsible for ranking and selecting applications for support after close liaison with the EC members. The PSC may request the services of a technical expert to assist the whole evaluation process. The PSC reserves the right to request additional information and further clarifications on the project as part of the selection process.

16. Ranking of Projects and Selection Process

The PSC will proceed to award marks to each proposal based on the information submitted in the applications and provided through clarifications (where applicable). In order to qualify for selection, the proposal needs to obtain a total of at least 50% of the total marks of the general and measure-specific selection criteria.

A preliminary list of the proposals containing selected, on reserve and failed applicants together with their respective score shall be drawn up. Furthermore, the PSC reserves the right to request project re-dimensioning in special circumstances.

The preliminary result shall be published on MAGF's official website⁴. In addition, a notification letter shall be sent to applicants informing them of their right of appeal in cases where applications fail to qualify.

17. Unsuccessful Project Proposals

In the notification letter sent to the applicant, reasons why the project was not selected shall be provided. The applicant shall have the right to appeal in writing through a registered letter within 5 working days from receipt of the email / letter of notification of result sent by the LAG.

The appeal is to be addressed to the Chairperson of the Project Selection Appeals Board (PSAB). The PSAB is an independent Committee set up to review in an autonomous way any appeals lodged. The PSAB will be composed of a minimum of three (3) individuals with a Chairperson chairing the appeals process. The appellant is required to sustain the clarifications provided by including justified reasons backed by necessary supporting documentation / testimonials.

The applicants wishing to lodge an appeal must send a registered letter addressed to **"The Chairperson", Project Selection Appeals Board of MAGF, 12, Triq it-Tullier, Attard, ATD 1631**, within 5 working days from when the applicant receives the notification letter.

The Appeals Board will not consider late appeals.

The letter should include detailed reason/s of why the appeal is being made, supported by any relevant documentation/testimonials.

The decision of the Appeals Board **is final**, and the applicant cannot contest this decision. The DC must notify in writing the decisions to each appellant. The appeals procedure shall be published on LAGs website.

18. Publication of Final Result

⁴ <http://www.galmajjistral.com/>

Upon completion of the appeals process, MAGF shall publish the final result of the projects eligible for financial support on its website and notice board.

The successful applicants will receive a 'Letter of offer' following the publication of the Final list of results. The applicants will be required to send a 'Letter of acceptance' (a draft copy of the Acceptance letter will be sent with the letter of offer) and a Bank Payment Form within 10 working days from the receipt of the 'Letter of Offer'.

If, after 10 working days, the LAG does not receive the letter of acceptance, it will be considered that the applicant is no longer interested in undertaking the project and funds will be relocated according to the discretion of the LAG.

Should the beneficiary accept the offer, eligible period of expenditure should start from the date of submission of application (*Refer to Article 60 of EU Regulation 1305/2013*).

If the applicant accepts the offer, the bank payment form should be completed and referred to the Front Office of the ARPA. The form must be endorsed by a bank official and should show the IBAN of the applicant.

19. Procurement Procedures

Given that the eligible applicants under this call comprise of Local Councils, the Procurement Guidelines issued by the Department for Local Government must be strictly adhered to. An architect's Bill of Quantities (BOQ) with details is to be presented. This has to be prepared by an architect appointed by the applicant and submitted as part of the application submitted.

In the case of natural persons and Voluntary Organisations and, where Public Procurement Regulations allow, Local Councils, a minimum of three (3) comparable and independent quotations should be submitted for each line item. It is being suggested that more than three (3) quotes are obtained. **However, only one quotation is required at application stage.** Applicants are then obliged to present three (3) comparable valid quotations for each line item prior to the project implementation, together with an adjudication report. The applicant should send a letter or email to the chosen and rejected suppliers upon issue of the adjudication report, informing them of the organisation's decision.

It is being further suggested that, for comparability purposes, a financial bid form is issued by the Applicant and presented to the bidder. The bidder would quote the price on the bid form accordingly. The financial bid form must include the signature of the bidder. A copy of the Financial Bid Form can be found in Annex 2 of the Application Form.

Notwithstanding the above, it is to be specified that quotes issued by bidders on their

letterhead are also accepted, as long as the description of the items required from the applicant is comparable with the other quotes of the particular line item.

If the cheapest quotation is not chosen by the applicant, a justification would need to be provided. The applicant is to note that in such cases, the amount of funding co-financed through the EAFRD (2014 – 2020) can only be based on the cheapest quotation obtained.

Should for some reason three (3) quotations cannot be obtained by the applicant, a justification why, should also be provided by the applicant and it would be the Paying Agency's prerogative, after consulting with the MAGF, whether to accept such justification or not.

In the case of infrastructural works for Voluntary organisations a Bill of Quantities (BOQ), has to be presented at application stage. This has to be endorsed and dated by a warranted architect appointed by the applicant. Nonetheless, applicants submitting a BOQ are still obliged to present three (3) comparable quotations for each line item prior to the project implementation.

It is to be noted that any financial declarations / certificates need to be dated not more than three months prior to the date on which the batch closes.

In accordance with the Public Procurement Regulations, expenditure relating to economic operators convicted of a criminal offence are considered ineligible for funding and such expenditure will not be reimbursed by the Agriculture and Rural Payments Agency.

Applicants are guided to refer to the "Guidelines on the Submission of Payment Claims related to Investment Measures" issued by ARPA for details related to the required content and format of quotations and other procurement procedures; these guidelines may be downloaded at the below link:

<https://agriculture.gov.mt/en/arpa/Documents/guidelines/investmentMeasuresPaymentGuidelinesFinalEN-V3.0.pdf>

20. Contracting with Beneficiaries

Contracting shall be undertaken by the MAGF with the beneficiaries. Contracts are to be signed by the LAG's Chairperson (or any formally authorised delegate) and a legal representative of the beneficiary.

The contract shall be given to the beneficiary for verification prior to it being signed. The contract shall be signed in two originals (one for the LAG and another for the beneficiary). Copies must be maintained in a secure location by the parties.

21. Payment

The Agriculture and Rural Payments Agency (ARPA) reserves the right to make an advance payment of up to 50% of the total eligible cost of the project. The issuing of an advance payment is subject to the submission of a financial guarantee issued by a recognized financial institution equivalent to 100% of the amount eligible as advance payment.

The facility of interim payments will be provided by the Agriculture and Rural Payments Agency (ARPA). Interim payments together with the advance payment (if applicable) will make up 80% of the total eligible value of the grant agreement.

Interim payments must be preceded with a submission of a request for reimbursement and financial documentation (including invoices and receipts).

In case of infrastructural works a provisional certificate of works prepared by an engineer/architect must also be presented.

The final payment of the remaining 20% of the total eligible cost of the project will be claimed following the completion of the works and submission of the request for reimbursement together with the necessary financial documentation (including invoices and receipts, and a provisional certificate of works prepared by a warranted architect).

Official certification by the architect appointed by the beneficiary is required for settlement of final payment (in case of infrastructural works).

The final payment will be affected once an on-the-spot-check is carried out by MAGF and ARPA and adherence to the contract is confirmed.

The main applicants must present a payment claim through the LAG, so that the necessary verifications and controls are undertaken prior to submission to ARPA for processing.

Claims are to be presented as outlined in ARPA's payment guidelines available at:

<https://agriculture.gov.mt/en/arpa/Documents/guidelines/investmentMeasuresPaymentGuidelinesFinalEN-V3.0.pdf>

In case of irregularities, penalties and sanctions may be applied. These will be deducted from eventual payment claims or through requests for refund of financial assistance paid by ARPA.

The project must be completed, and payment claims submitted by not later than 1 year from signature of contract agreement.

The final claim for reimbursement of funds allocated to the project must also be submitted within this deadline.

22. Extension to Contract Timeframes

Should the beneficiary require an extension to the timeframe stipulated in the application form and contract, a request is to be submitted to MAGF. The form to be used in such case is the '*Change Request Form*' and the request should be made before the actual expiry of the original timeframe.

A request for approval of an extension of the time required in order to terminate the project is to be backed by written justified reasons. Cases related to poor project management will not be accepted. Following review of the request by the MAGF, the final decision will be sent to the beneficiary in writing. Should an extension be approved, the period of extension shall be determined by MAGF.

In cases where amendments to the contract are required, the beneficiary must submit a *Change Request Form* to MAGF prior to the changes being actually implemented.

If a request for changes to the contract is submitted after these changes have actually taken place (ex-post), the changes will not be eligible for funding and, depending on the extent of the changes, this may lead to the whole project being considered ineligible.

The written request for changes must indicate the changes required, the necessary justification and relevant supporting documentation.

If the applicant wishes to change the specification of the investments, a written request prior to such changes must be sent to MAGF. For example, funding is approved for the purchase of Model X of a projector and following the contracting, the applicant wishes to purchase Model Y of this projector as the previous model is no longer produced / available, then a request for change must be submitted and the applicant must wait for a reply from the competent Authority.

MAGF will review the request and if the proposal does not affect the nature of the project and remains in line with the objectives of the Measure, the changes may be approved. A notification letter will be sent to the beneficiary in writing and an addendum to the contract shall be carried out and signed between all parties.

If the request for changes is not approved by MAGF, the beneficiary will receive a notification and will be requested to confirm whether the project as stipulated in the contract will be completed or withdrawn.

23. Failure to comply with the contract

Failure to meet the commitments stipulated in the contract shall result in sanctions applied to the amounts committed or paid. The Agriculture and Rural Payments Agency, Internal Audit and Investigations Department (IAID), the European Commission (EC), the European Court of Auditors (ECA), the European Anti-Fraud Office (DG OLAF) and/or the Managing Authority reserve the right to undertake further checks and controls and to recover any funds from the beneficiary by withholding the bank guarantee in case of advanced payments or to request the beneficiary to refund financial assistance paid out by ARPA.

24. Project Sustainability

It is to be noted that in line with Article 71 of Regulation 1303 / 2013, in the case of an operation in infrastructure or productive investment, the applicant shall repay the contribution from the EAFRD Funds if within (5) years of the final payment to the beneficiary or within the period of time set out in State aid Rules, where applicable, it is subject to any of the following:

- a cessation or relocation of a productive activity outside the programme area;
- a change in ownership of an item of infrastructure which gives to a firm or a public body an undue advantage;
- a substantial change affecting its nature, objectives or implementation conditions which would result in undermine its original objectives.

25. Publicity

In case of information and publicity, the main beneficiaries must abide by the provisions of Part 2 of Commission Implementing Regulation (EU) No. 808/2014, as well as any Publicity/Visibility Guidelines that may be provided by the MAGF through MA.

In order to meet the requirements of the EAFRD Regulations, beneficiaries must ensure that adequate publicity is given to the project with a view to:

- Making potential participants aware of the opportunities afforded by it;
- Making the general public aware of the role of the Community in relation to the project;
- Ensure transparency of the assistance concerned.
- As an example, materials used by the Beneficiary and major correspondence, including contracts signed with third parties must include any acknowledgement of EAFRD support.
- Any publicity material, such as advertisements, billboards and information leaflets about EAFRD co-financed projects must acknowledge this support.

- Publicity of individual projects must be incorporated into the project budget.
- Applicants are to be cautious when determining publicity actions for the project.
- Applicants should also ensure that the project benefits from any free publicity and that anything that will be proposed to be funded under the project is either obligatory or adds value to the results of the project, taking into account the value for money principle. In this regard, publicity measures of individual projects should take into account the nature of the project and must be relative to the size and objectives of the project.
- The Beneficiary should note that publicity may only be used to increase awareness of what EU funds are used for and to disseminate results. Publicity measures undertaken must be project specific.
- Publicity and information measures must not be used as a marketing tool to promote an organisation, its products, services or infrastructure. Where a project includes an element of marketing, this must be used to complement but not replace the project's obligatory information and publicity measures.
- Marketing efforts should be included as a separate activity in the project and as a separate budgetary allocation and justified accordingly. The Applicant may also make reference to the 'Visual Identity Guidelines' that may be downloaded from the below link:

<https://eufunds.gov.mt/en/EU%20Funds%20Programmes/European%20Agricultural%20Fund/Pages/Links%20and%20Downloads/Publicity.aspx>

26. Data Protection

MAGF has the duty to protect data provided in the Application Form. Any queries regarding Data Protection matters should be brought to the attention of the MAGF. The officer in charge can be contacted by e-mail on: galmajjistr@icm.gov.mt

27. Retention of Documents

The applicant is to retain all documentation in a project file (required to ensure any adequate audit trail) safely stored.

All documents pertaining to the implementation of the project must be retained by the applicant for at least five (5) years following the end of the programming period. This is to facilitate audits and the ex-post evaluation of the programme.

28. Basic Terms and Conditions

If a project application is successful, EU Funds will be offered on rigorous terms and conditions, which will be stipulated in the Grant Agreement. In accepting the offer of EU Funds, the Applicant will take on responsibility for compliance with these terms and conditions. These include requirements to demonstrate satisfactory progress in delivering what the project has set out to achieve and adherence to an agreed pattern and time schedule of spending. Failure to meet these conditions and any false information given in the application may lead to the EU Funds being withdrawn and any EU Funds paid being recovered from the Applicant.

All projects are subject to management verifications, audits carried out by auditors (including by the Internal Audit and Investigations Department (IAID), the European Court of Auditors and the European Commission (EC) auditors), evaluations (programme evaluators) and inquiries by DG OLAF. Officials from the MAGF, ARPA and MA and other horizontal stakeholders would also have rights of access to the project and all relevant documentation. Such officials could carry out spot checks (physical and documentary) to establish that sufficient progress is being made in line with the Grant Agreement and that the Beneficiary has put in place systems of management and control that ensure the efficient implementation of the project in line with the relevant Regulations and Procedures.

If the project is selected for funding, the Applicant would be bound by the principles of transparency, good governance, sound financial management and the relevant national regulations.

By submitting the Application, the Organisation is giving its automatic consent to publishing (including on the internet) the details of the Organisation and the project (including budget and implementation period) in line with the obligations in the relevant Council and Commission Regulations.

The applicant should also be aware of the durability clause enshrined in Article 71 of Regulation 1303/2013, which states that an operation retains the contribution from the EAFRD only if that operation does not, within five years from the final payment of the competent authorities, undergo a substantial modification.

The applicant is to declare whether an application for part or all of the proposed project has been submitted for assistance under any other Community Source including European Regional Development Fund (ERDF), Cohesion Fund (CF), etc. If in the affirmative the applicant is required to indicate all relevant details.

The applicant organisation should note that if the project is accepted, the applicant will be automatically giving his/her consent to have all the documents and data related to the project, (including name of project leader and other persons relevant to the project, invoices, receipts and documents related to contracts etc...) made available

to all the relevant stakeholders including third party evaluators and auditors involved in the EAFRD fund system. The LAG reminds the Applicant that it is the responsibility of the Applicant to inform any third parties (including contractors) that all data and information relating to the project will be shared with other stakeholders, local and European.

The chosen entity must ensure that all activities are carried out in compliance with applicable national and community rules and any other mandatory requirements as laid down in the Rural Development Programme for Malta (2014-2020). Failure to do so will result in penalties with respect to the grant received plus interest accrued according to the law.

In case where a Planning Authority (PA) permit is required, the valid PA permit and approved drawings or the application submitted to PA and related drawings have to be presented as part of the documentation with the application. Grant agreements for projects in need of such permits will only be signed once the valid PA permit is granted. MAGF reserves the right to reject any project if the PA permit is not presented in time to allow the project to be completed by not later than 1 year from signature of contract agreement.

Once the applicant endorses the contract with the LAG, the applicant will be automatically be giving its consent to the publication of data related to the payments that the ARPA will eventually be affecting. This will be in line with Regulation (EU) 1306/2013 of the European Parliament and of the Council. The regulation requires all Member States of the European Union to publish details of beneficiaries, who received payments under the CAP.
